Mr. Darrow McLytle, Chief Engineer of the Philadelphia Fire Department, was found dead in his office on Monday morning last. His death resulted from disease.

Col. Davis, editor of the Doylestown Democrat, has raised the name of Ham-Jud Parker, ex-Governor of New Jersey, in the head of his paper for the Democracy, and has written a strong editorial in his favor.

ACCIDENT.—Mr. Peter F. Everett had one of his eyes nearly or quite dislocated by a hat stone from him, whilst at work in the Blairstown shop of the Pennsylvania Iron Works.—*Montgomery American*.

In Court at Norristown last week, Alphonso Hunsicker, Judge of Elections in Upper Providence township, Montgomery Co., was fined \$50 for knowingly refusing to receive a legal vote at the late election.

Exact scales have been supplied in the manufacture of FAIRBANK'S STANDARD SCALES, so that they may be relied on as unerringly correct. The tests made at the Paris Exposition, wherever received the highest premium, establish this fact.

FALL IN DRY Goods.—The dry good market in the large cities have been greatly agitated for the last three or four weeks. Prices have been coming down until many articles are selling about as low as they did before the war.

DRIVEN.—The First National Bank of Danville, has declared a dividend of five per cent, for the last six months. The Danville National Bank declares a dividend of six per cent, for the same time.—*Montgomery American*.

A "tin" wedding was observed in Gloucester, Mass., after a rather unusual manner. The wife closed with a young fellow, taking with her all the "tin" he had, and in ten years. The discovery of her absence closed the festivities.

The Lock Haven Democrat says that to-day is improving faster, probably than any other town in the country. Buildings are springing up everywhere, the sound of the hammer, the chisel, the saw is heard on all sides.

To avoid the use of the dirty old meat skin for greasing the common Grid Iron, and also the small and smoke from buckwheat cakes throughout your house, go to the Hardware Store and get a Soap Stone in place of an Iron one.

There is a terrible disease raging at present among the hogs in this section. There is scarcely an hour in the day but some die for want of breath, caused by the loss of blood. Three died for butcher Kuhn this morning at his instance. Their remains were properly taken care of—we believe, barreled.

BE WISE TO-DAY.—The madness to neglect a cough or cold, however slight. Consumption may follow, and though Dr. Walker's Elixirs of Wild Cherry has frequently cured this much dreaded disease, for the primary diseases of the throat, lungs and chest, it always cures where other remedies fail.

We understand that chicken thieves have infested themselves, at a rather unseasonable hour, into several henhouses, in this town, during the past week. Our brother typ. Mr. Yost, had his chickens stolen. A sharp detective is on their track, with fair prospects of recovering them, and putting parties to shame. By catching a small flock of them, and saving place of birth, age, disposition and condition, and enclosing 50 cents and stamped envelope addressed to yourself, you will receive the true and desired information by return mail. All communications, severely confidential. Address to me, MADAME E. F. THORNTON, P. O. Box 140, New York.

A week or two since Senator Sumner, in getting off a car, fell and badly hurt his head. On Friday last Senator Wade was thrown from a buggy by a frightened horse and badly damaged his head. These ought to be taken by them as serious reminders from a higher power to make the guilty parties, and bringing them before the Quarter Sessions.

When I take my walks abroad, how many poor, miserable dyspeptic people I see, who would be healthy and gay, and happy, if they took Plantation Bitters, that paroxysm of preparations for giving tone to the stomach, energy to the torpid liver, a joy to the nervous system, and strength to the muscles. It is an admirable regenerator of nature's wasted or depleted functional powers in either man or woman. It gently exerts and pleasantly soothes. A bottle thereof, every man may be his own physician.

THE COLUMBIA HOUSE.

There is a very grand library directed for the personal use of the house-holds generally situated on Main Street, a store above the Court room, and so on as an "Eldorado property." The above mentioned articles will be sent to any address, closely packed, and postpaid. Price 10c per volume, or 10c per volume, and postage. Address all correspondence to RICHARD T. CHAMBERS, No. 25 Bay Street, Troy, N. Y.
